

setup

```
graph LR; A[setup] --> B[DisplayManager::runDisplay Check];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The first box on the left is white with a black border and contains the text 'setup'. A blue arrow points from the right side of this box to the left side of a second, larger box. This second box is gray with a black border and contains the text 'DisplayManager::runDisplay Check'.
